TENANTS IN FORECLOSED PROPERTY: WHAT YOU NEED TO KNOW; HOW TO DEAL WITH THEM

*Presented by Ed Kania
President, SNES*

With the growing number of foreclosures in Nevada, many property managers and realtors are being asked to deal with tenants in their foreclosed properties. Both the previous owner and new owner can face civil liability, plus unwanted tenants in the property, if they fail to follow appropriate procedures in dealing with such tenants. In this webinar, we will address the following issues:

- ◇ The legal status of a tenant in a foreclosed property
- ◇ The liability of the previous owner to the tenant when the property is foreclosed
- ◇ Evicting the Tenant: Strategies and Tips
- ◇ The Pros and Cons of “Cash for Keys”
